

AGAPE Community Health Center - Blanding Boulevard

AGAPE Community Health is committed to providing comprehensive medical and behavioral health services for children and adolescents to promote the optimal well-being of all children.

SERVICES

- » Assistance with community mental health resources and social services
- » Comprehensive primary health care for children and adolescents, including vaccines
- » Coordinated care with child and adolescent psychologists and therapists
- » Referrals given for specialty care and ongoing monitoring of growth and development

AGAPE Community Health Centers, in partnership with the Center for Children's Rights and the Partnership for Child Health, provides compassionate and comprehensive primary health care to children and adolescents, with a special focus on meeting the unique needs of children and adolescents in the foster care system, juvenile justice system, children of incarcerated parents and children exposed to other forms of childhood trauma by providing a team-based clinical approach with linkages to community supports, resources and enhanced care coordination. This integrated approach to the care of children and adolescents reflects our commitment to promoting the optimal health and well-being of all children in our community.
